

## GALT BIRTHDAY PARTY GUIDELINES

### Fenced Play Area

The City of Highland Village will erect a temporary fence with a gate so that the Greyhounds will have an area where they can run off lead. One side of the area will be the fence and the other three sides will be Lake Lewisville. Only Greyhounds will be allowed in this area. ALL Greyhounds will be required to wear a muzzle while in the fenced area. No Greyhound will be allowed in the area without a muzzle. Please bring your own muzzle. GALT will have a few extra muzzles for use by Greyhound guests. GALT also requests that owners remain in the fenced area with their Greyhounds, except while volunteering for a shift or for a very brief period of time. All owners are responsible for their own Greyhounds.

The Italian Greyhounds will have a separate X-pen area.

### Identification of Special Greyhounds

If your Greyhound is an insecure (shy) dog, does not like other dogs in his/her face, or is aggressive to other Greyhounds, GALT requests that your dog wear a red, white and blue flag bandana to identify that Greyhound. GALT will provide the bandana upon your check-in and registration. This is for everyone's safety and protection. This does not mean you have a bad dog – just a dog that does not particularly like being in groups.

### Rabies Tag

Each Greyhound must wear a current rabies tag, or have proof of the current rabies vaccination.

## Leashes

Each Greyhound must be on a leash at all times unless in the fenced area-  
NO FLEXI-LEADS!

## Pick Up

Please pick up after your own Greyhound. GALT will have no volunteers for this duty. However, pick-up bags will be provided by GALT and will be placed strategically around the park.

## Safety

Please be safe and have a good time.

No dogs off leash.

No insecure dogs near other dogs.

Each Greyhound should wear a current ID and rabies tag, in case it gets loose.

GALT wants everyone to enjoy the afternoon.

Please gauge your Greyhound's mood and endurance and do not push him/her to do more than he or she can. People, children, lots of dogs and heat may stress them.

## Disclaimer

GALT is not responsible for any mishaps, accidents or loss, human or canine, at the event.
