

The deadline for 2023 Calendar photo submissions is July 10, 2022.

It's time to start submitting your photos for the **2023 GALT Calendar**! Photo entry for the calendar is for current Members of GALT and their greyhounds and/or their foster hounds. It doesn't matter where you adopted your greyhound, but you must be a member of GALT for calendar entry. http://www.greystore.com/category_s/1906.htm

Email photos to mmclaughlin@galtx.org

Please use "GALT calendar" as the subject.

Please include **your name(s)** with the **dogs' names** in the body of the email.

To look good in print, a photo image needs to **be high resolution**—the larger the file, the better. 1 MB = 1000 KB; if your file arrives at less than 150 KB, it's *way too small*, even for a small pic. If the file happens to be greater than 1 MB on your hard drive, please send it at its **actual size**.**

**Sometimes, our email software doesn't ask and assumes you want your images compressed for easy online transport and viewing. If it happens to ask, select "actual size"; if not, there should be a way to choose the option under message or image size.

Social media platforms reduce the size of posted photos, so **please send the original** instead of downloading from Facebook or other social media. **JPEG, TIFF, PNG or BMP are acceptable formats.**

If you've done any photo editing yourself, please send a copy of the original, too. If photos are very large, you're welcome to send them one or two at a time.

Now for the tough part: **please limit** the number of photos you send to **six (6)**. The calendar is for **greyhounds, large sighthounds and sighthound mixes only**; no other pets, babies or people faces in the photos, please. People parts, such as hands, legs, torsos are fine. Although we tend to give higher priority to those who didn't make the calendar the previous year, please don't let that discourage anyone from sending photos, even if your Greyhound got a large photo in 2022.

For sponsors: The deadline for 2023 Calendar **Sponsor ad graphics and text** is July 16, 2022.

If you wish for your dog's photo to be featured for the month of your sponsorship, please submit a **high resolution** photo. The file should be greater than 2 MB as a JPEG, especially larger for horizontal or the cover. We request the photo be season-appropriate or neutral for the month you sponsor. Focus and lighting are important! You do **not** have to submit a photo to sponsor a page. Some non-sponsors send big, wonderful photos that need to be featured.

Thank you!
